

# Take Control with Our Low-Noise Variable Speed Pump Solution

## [ WisperFlo Series ]

### *Ultra-Quiet Submersible Multi-Stage Series*

The WisperFlo series is our flagship packaged pump product line. The unique design features a submersible turbine pump contained within the system piping, taking advantage of the sound-attenuating properties of water to virtually eliminate motor and pump noise.

All systems come complete with our award-winning variable speed pressure control software iQFlo™, with GreenFlo™ ASHRAE/ANSI/IES Standard 90.1 compliant low-flow energy optimization algorithm.

## [ Explore More WisperFlo Features and Benefits ]

- 304 Stainless Steel Frame and Headers
- Glycerin-Filled Suction/Discharge Gauges
- 256 Color Touch Screen with Alarm Log File
- Compact Design (Most Fit through a 36" Doorway)
- Whisper-Quiet Operation for Noise Sensitive Areas
- ASHRAE 90.1 Compliance with Logic – No Remote Sensors Needed
- 304 Stainless Steel Submersible Turbine Pumps
- Grooved-End or Flanged-End Connections
- Variable Speed Drive Control – NO PRV's
- Factory Tested and Pre-Set to Site Conditions
- Long Service Life and Simple to Maintain
