

Boost Performance

With a Cost-Effective Variable Speed Pump Solution

PRODIGY SERIES

End Suction - Centrifugal Pumps

The Prodigy Series is a highly compact, customizable package designed for **HIGH FLOW – LOW BOOST** applications. It features **NSF 61** Rated, **304 S.S.** End Suction pumps with **304 S.S.** casing and impeller. All controls are protected within a **NEMA 3R** forced-air ventilated enclosure with inlet filter and **NEMA 4X** active incoming surge suppressor with LED indicator.

iQFlo^{3.0}

Integral to All Systems

- iQFlo™ 3.0 Award-Winning Variable Speed B.O.S.S. (Booster Operating System Software)
- GreenFlo™ ASHRAE/ANSI/IES Standard 90.1 Compliant Low-Flow Energy Optimization Algorithm

Prodigy Features

- **5 Year Limited Warranty** on the entire 3rd party certified system
- **304 Stainless Steel** headers and square tube space frame
- **Standard 100,000 AIC Controller Rating** at incoming disconnect
- **NSF 61 and NSF 372 System Compliance** (N-5946/7626 IAPMO)
- **7" TFT Full Color Touch Screen** interface with easy-to-follow wizards
- **Vertically Mounted End Suction Pumps** for ease of service and maintenance
- **Small Footprint** for retro-fit simplicity
- **Simplex, Duplex, Triplex and Quadraplex** systems available in a multitude of voltages/horsepowers
